Schools Deserve Smarter Management

Manual systems slow down administration, communication and decision-making.

Traditional School Management

1. Manual Attendance

Time-consuming roll calls and error-prone tracking lead to inaccurate records.

2. Fee Collection Issues

Late payments, missing records and lack of transparency create collection challenges.

3. Parent Communication Gap

Important updates get missed, leading to poor engagement and trust.

4. Transport Monitoring Problems

No real-time visibility into routes, delays or driver behavior puts students at risk.

5. Multiple Software Usage

Using different tools for different tasks leads to confusion, duplicate data and extra costs.

6. Paper-Based Records

Physical files are hard to store, difficult to retrieve and prone to loss or damage.

With Companion

1. One Platform

Manage everything—attendance, fees, communication, transport and more—on one unified platform.

2. Real-Time Reports

Get instant insights and accurate reports to make smarter, faster decisions.

3. Parent Mobile App

Keep parents informed with real-time updates, notifications and easy two-way communication.

4. Automated Fee Reminders

Send automated reminders, track payments and reduce defaults with ease.

5. Transport Tracking

Live bus tracking, route management and alerts ensure safety and peace of mind.

6. Digital Records

Store, access and manage records securely—anytime, anywhere, paper-free.

From Manual to Magical.
One Platform. Endless Possibilities.

Companion transforms everyday challenges into seamless experiences for schools, students and parents.

Everything Your School Needs – In One Powerful Platform

A complete module-wise ERP solution for
school administration, academics, finance and communication.

1

Admissions

streamline inquiries, applications, enrollments and documents.

2

Student Management

maintain student profiles, academic records and progress.

3

Staff Management

manage teacher and staff profiles, roles and performance.

4

Attendance

track student and staff attendance in real time.

5

Smart Timetable

create schedules, manage substitutions and share timetables.

6

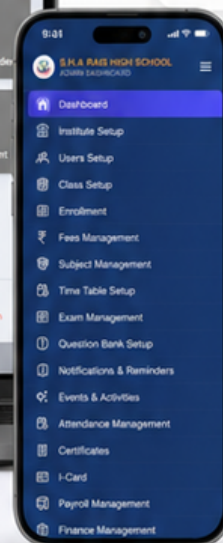

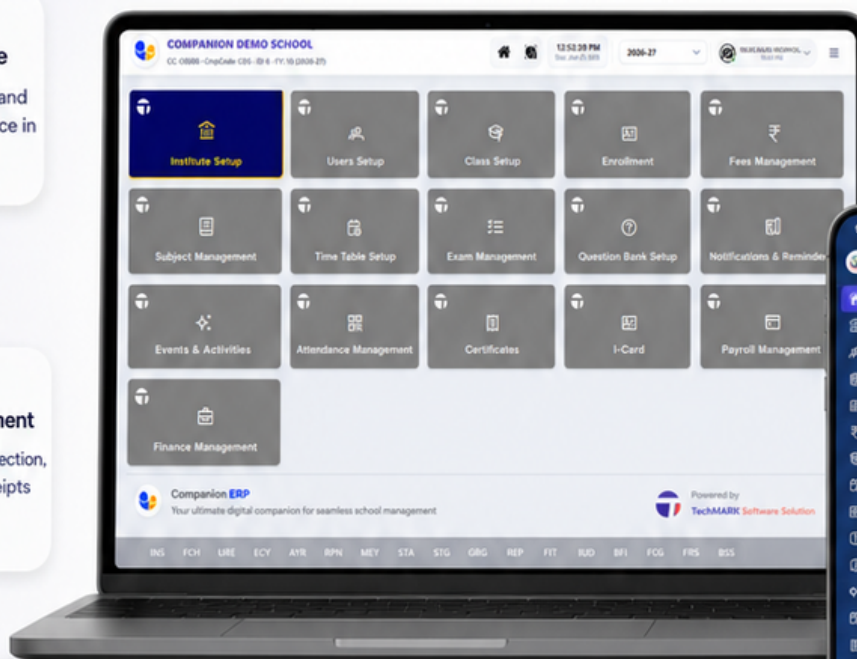

Fee Management

automate fee collection, instalments, receipts and tracking.

7

Transport Tracking

monitor routes, buses and student pick-up/drop.

8

Question Bank

organize exam question banks and practice sets.

9

Online Exams

conduct secure online exams with auto-evaluation.

10

Report Cards

generate detailed report cards and academic results.

11

Payroll

automate salary processing, deductions and payslips.

12

Parent Mobile App

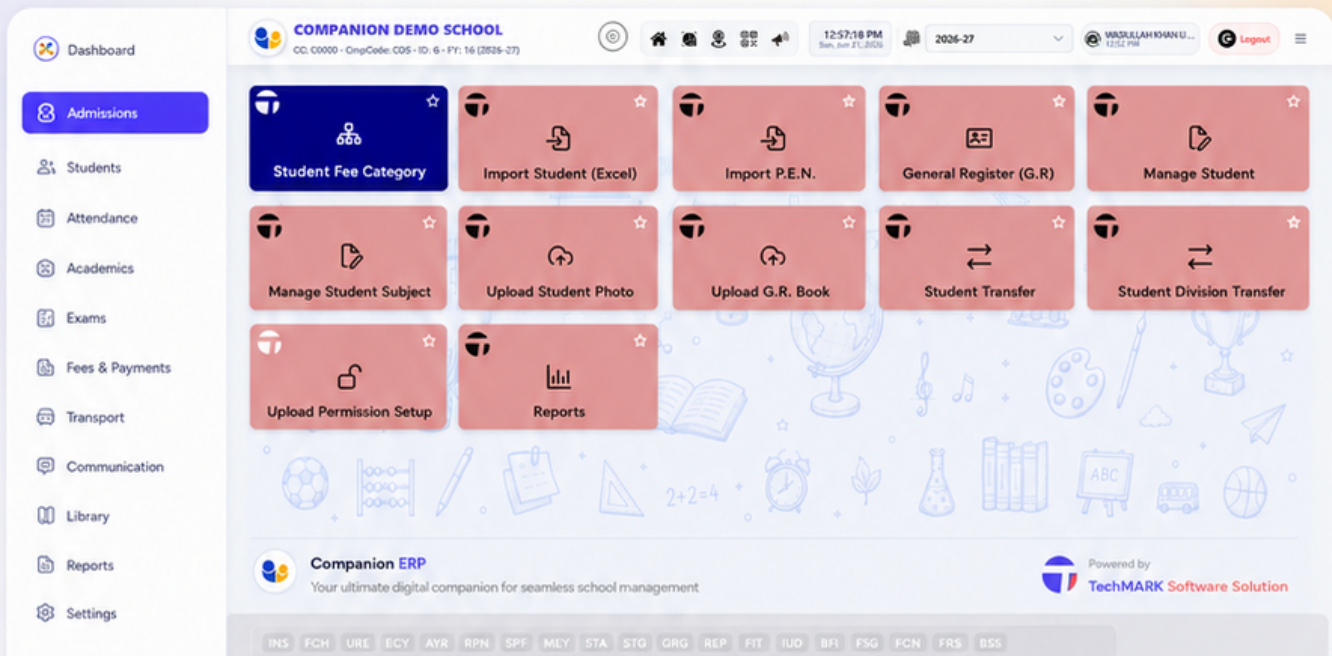

keep parents informed with updates and notifications.

One login.
One system.
Complete control.

Admissions & Student Management

Digitize student records and reduce admission paperwork.

What Our School Partners Say

“

Companion helped us manage school operations more efficiently. The reports and dashboards save us a lot of time.

Mr. Imran Shaikh

Principal
Rais High School & Jr. College

“

The parent app improved communication between school and parents. Fee reminders and updates are very useful.

Mrs. Farah Khan

Administrator
Amjadiya Academy

“

Transport tracking and attendance features have improved student safety and daily operations significantly.

Mr. Faisal Patel

Trustee
Alhmad School
